

An Introduction to InWEnt and its programmes

Henriette Stange, InWEnt, Senior Project Manager, Division of Natural Ressources and Biodiversity

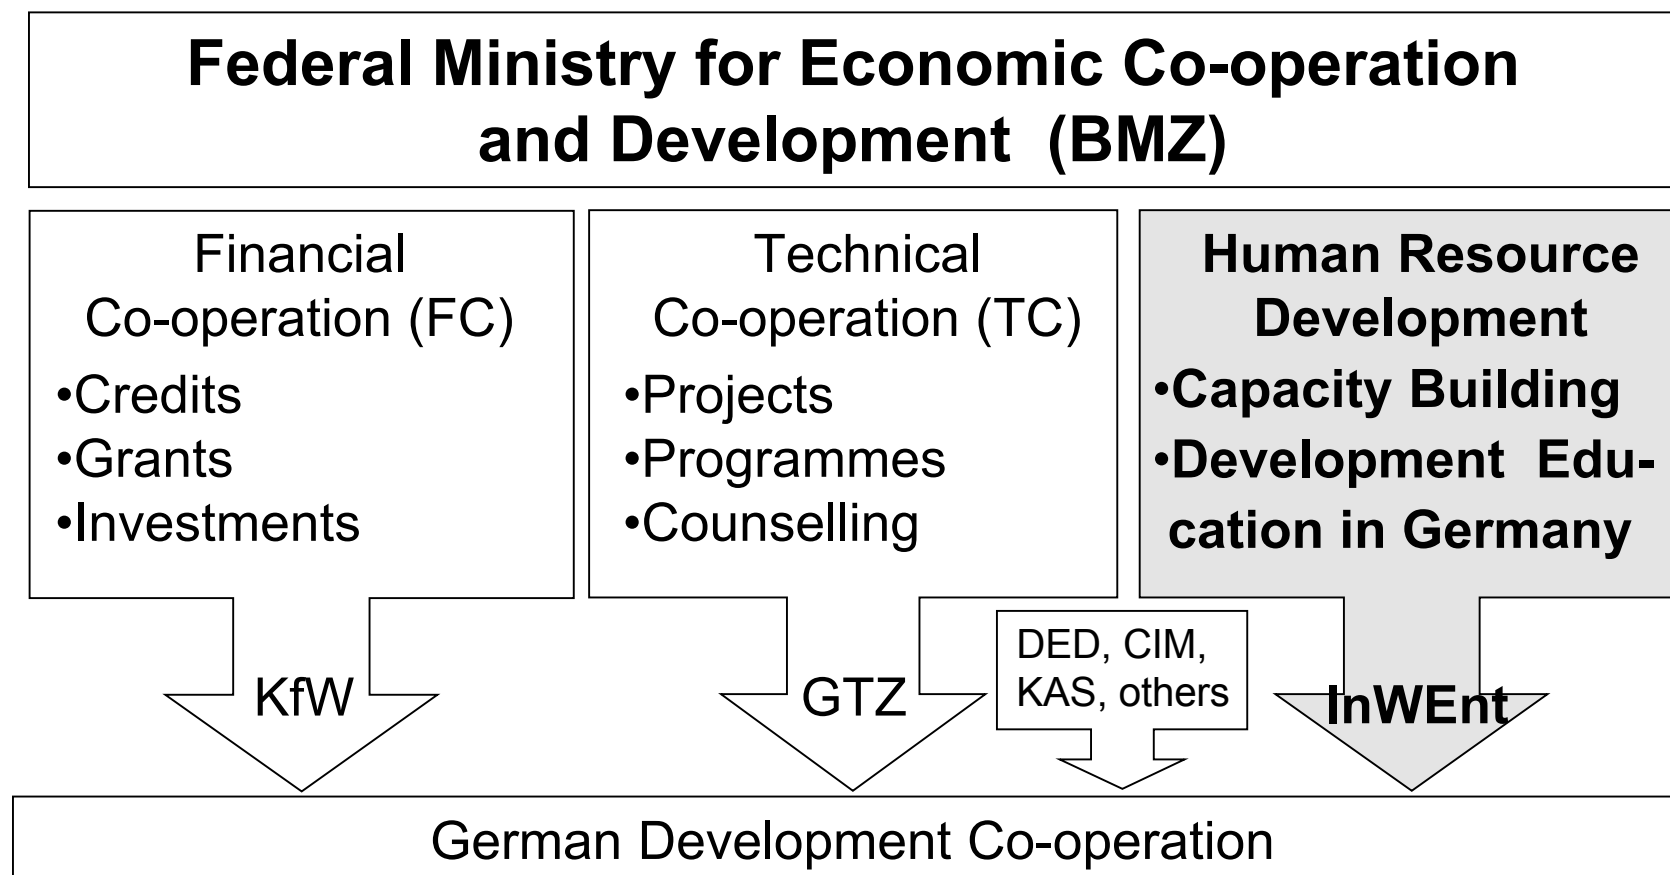

Content

- An introduction to InWEnt
- Dep. 5: Environment, Natural Resources and Food
- Programme "EU-Integration South Eastern Europe"

Institutional setting of InWEnt

InWEnt, Capacity Building International – who are we and what do we do?

- Non profit organisation in the field of human resource development, for experts and executives from politics, administration, business community, and civil society.
 - Programmes for people from developing, transition and industrialised countries, tailored to meet the specific needs of our partners
 - Exchange programmes and arranging scholarship programmes for young German professionals
 - Cooperation with the German business sector in public private partnership projects
 - Preparation of experts of German development cooperation

InWEnt Philosophy

- Working with and qualifying people in key positions worldwide
- People shape operational, organisational and political processes of change.
- Capacity building is the term fitting best to our understanding of strategic human resource development.
- Individual → Organisation → System
