EU LEGAL INSTRUMENTS FOR ORGANIC PRODUCTS

Council Regulation (EC) No 834/2007 on organic production and labeling of organic products

Commission Regulation (EC) No 889/2008 with detailed rules on production, labeling and control

Commission Regulation (EC) No 1235/2008 with detailed rules concerning import of organic products from third countries

NATIONAL LEGISLATION

1. Law on organic production and labeling of organic products (OG 139/10);
2. Ordinance on the labeling food and food for animals in organic production (OG 25/11);
3. Ordinance on the conditions and method of registration in the Register of subjects in the organic production (OG 39/11);
4. Ordinance on organic production of plants and plant products (OG 91/01, 10/07);
5. Ordinance on organic production of animal products (OG 13/02,10/07);

NATIONAL LEGISLATION

6. Ordinance on the processing, packaging, transport and storage of organic products (OG 129/09);
7. Ordinance on technical control of organic production (OG 68/11);
8. Ordinance on keeping the database of agricultural seeds and propagating material from organic production (OG 89/08);
9. Ordinance on organic farming in aquaculture (NN 153/11).

CONTROL SYSTEM AND LABELLING

- The competent authority authorizes control body to perform technical control if it is accredited under the terms of the Croatian standard HRN EN 45011; ISO 65.
- The competent authority assigned a code number of the control body that carries out activities of technical control.
- The labeling of organic products contains the code number of the control body located just below organic production logo.

Import **Article 37**

Law on organic production and labelling of organic products

An operator is allowed to import of organic products if it can provide the certificate issued by the control body which must be listed in the official list of control bodies of the European Union or the official list of the European Union of the control bodies of the third countries.

Operators who import organic products and who are in possession of a certificate issued by the control bodies not listed in the official lists referred to in paragraph 1 of this Article shall undergo a recognition procedure to be carried out by the control bodies of the Republic of Croatia.

After accession to European Union, Republic of Croatia, must implement Commission Regulation (EC) No 1235/2008 with detailed rules concerning import of organic products from third countries.

SUPPORT FOR ORGANIC FARMING

- Law on state support in agriculture and rural development (OG NO 92/10, 127/10, 124/11)
- **Rural Development**
- Vegetables ,Orchards, vineyards – 850 €/ha
- Arable land – crops - 610 €/ha
- Meadows, permanent grassland – 250 €/ha

Main issues in organic agriculture in Croatia:

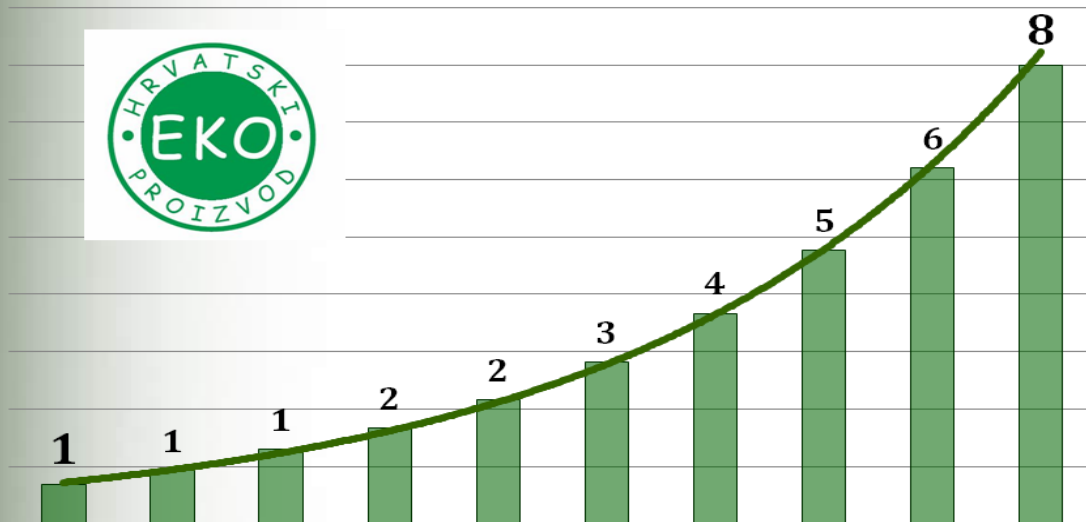

1. Low spending power of consumers.
2. Marketing preparation of organic products.
3. Processing organic raw materials (fruit and vegetables, meat and meat products).

We solve these problems.....

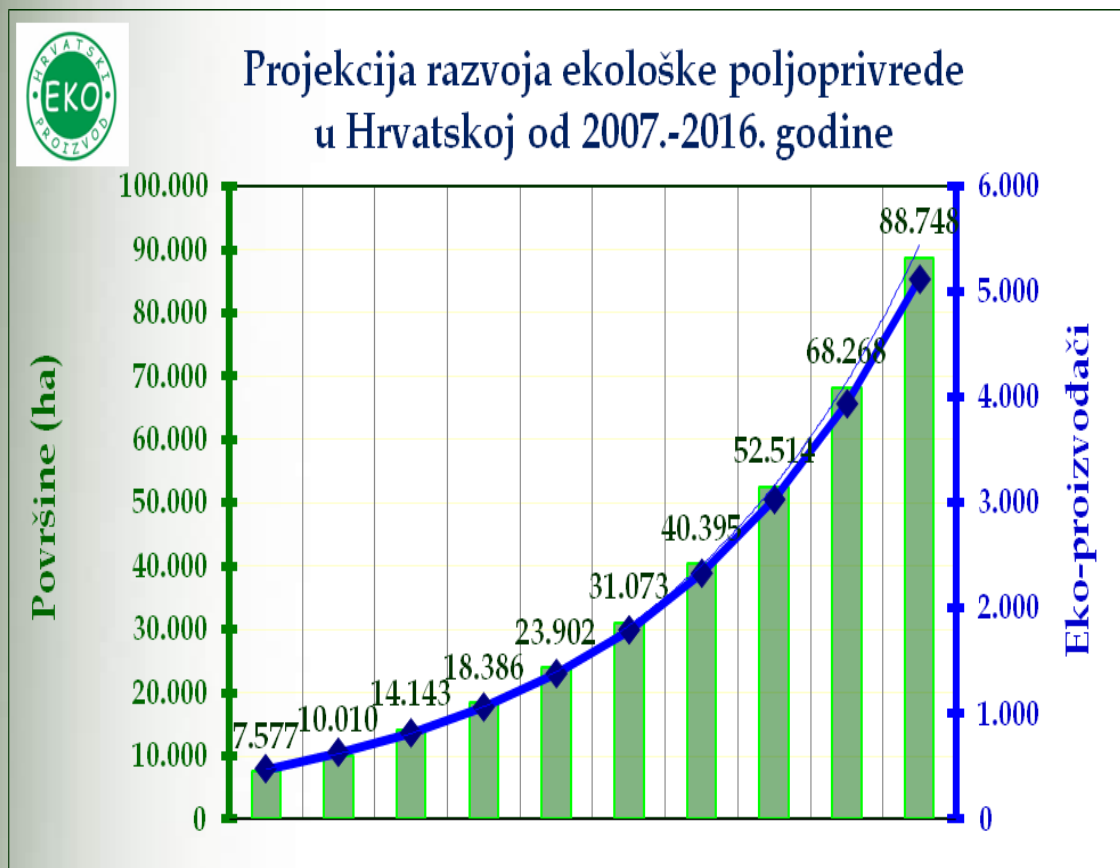

ACTION PLAN INCREASE ORGANIC FARMING 2011.-2016. (SHARE OF TOTAL UAA)
